

[menu.]

We are an event-centric food unit. Unlike park & sell trucks that setup at food parks, or make arrangements with businesses to setup on their property, The Backyard Burger Boyz only do private and large events. Doing this allows us to create a special menu for each client and event. Below are some of the menu offerings that have made us famous. *When you schedule an event with us, we will work with you to create the perfect menu for your event as well as your guests.*
